PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering student interested in Operating Systems, Computer Architecture, High-Performance Computing, and ML Systems. Developed a web-based CPU Scheduling Simulator implementing and comparing scheduling algorithms. Seeking a long-term research internship with the possibility of continuing the work as a final-year project.

EDUCATION

Institute of Engineering and Technology, Mohanlal Sukhadia University — **Udaipur, Rajasthan**
B.Tech in Computer Science and Engineering | CGPA: 7.78/10 — 2023 – 2027

Board of Secondary Education, Rajasthan — **Rajasthan**
Senior Secondary, Science (PCM) | Percentage: 71.40% — 2023

Board of Secondary Education, Rajasthan — **Rajasthan**
Secondary | Percentage: 89.00% — 2021

TECHNICAL SKILLS

Programming: C++, Python, Java, SQL
Tools: Microsoft Excel, Git, VS Code
Databases: MySQL, SQL Server
Core CS: Data Structures and Algorithms, Operating Systems, Computer Organization and Architecture, DBMS, Object-Oriented Programming
Analytical: Problem Solving, Analytical Thinking, Core CS Concepts
Languages: Hindi – Native or bilingual proficiency; English – Working proficiency

EXPERIENCE & INTERNSHIPS

Data Analytics Intern — Jun 2026 – Present
Hindustan Zinc Limited — *Udaipur, Rajasthan*
- Cleaned and preprocessed structured operational datasets using Microsoft Excel.
- Conducted exploratory analysis on structured operational datasets.
- Used Power Query and Power BI transformations, custom columns, and interactive reporting.

Flutter Development Intern — Nov 2024
Marvik Academy for Technical Education (MATE) — *Udaipur*
- Assisted with Flutter UI layouts, application structure, navigation flow, and cross-platform development basics.
- Worked with application debugging and development fundamentals.

PROJECTS

CPU Scheduling Simulator (Web-Based) | *Java, HTML, CSS, JavaScript*
- Implemented FCFS, SJF, SRTF, Round Robin, Priority, and HRRN scheduling algorithms.
- Calculated waiting time, turnaround time, response time, and average scheduling metrics.
- Developed dynamic process input and real-time result visualization.
- Implemented Gantt-chart generation for visual comparison of scheduling algorithms.

ACHIEVEMENTS & CERTIFICATIONS

- **Programming Fundamentals using Python** – Infosys (May 2026)
- **Smart India Hackathon Participation** – HackNRoll (Sep 2025)
- **Data Analytics Job Simulation** – Deloitte (Jul 2025)
- **Core Java Training** – Internshala, Grade B (Jun 2025)
- **SQL for Data Science** – Great Learning Academy (Oct 2024)
- **C Programming** – Great Learning Academy (Oct 2024)
